WELL EQUIPPED ON THE GO

The 1/4" bit set R33003032 is perfect for the smallest screwdriving jobs in mobile use.

The 32-piece **GEDORE red bit set R33003032** includes an extensive selection of bits for the smallest screw connections in the 1/4" range. The screwdriver with its strong magnet is used to securely fix the bits and enables quick and easy bit replacement.

The quick-change adapter also enables use with a cordless Power tool. The set is safely stored in our robust case from **GEDORE red**. With its wide range of possible uses and practical storage, it is the perfect companion for on the go applications.

Bit set 1/4" R33003032

1

FAST BIT CHANGE

- The quick-change adapter makes changing bits very smooth. In addition, it is suitable for both manual and machine-operated work

2

SECURE STORAGE

- The tools are safely stored in a robust carrying case. Due to its low weight and its handiness, it is ideal for mobile use

3

COMFORTABLE WORKING

- The ergonomic handle of the screwdriver ensures fatigue-free work. The bits are prevented from falling out by the magnetic bit screwdriver and ensure relaxed work

SMALL ALL-ROUNDER

"With the 32-piece bit set, you are optimally equipped to work on all kinds of small screw connections when you are on the move."

THE ALTERNATIVE FOR CRAMPED FASTENER SITUATIONS

With the included ratchet, the 40-piece bit set offers the ideal solution when things need to be done quickly or there is not enough space for the screwdriver.

The 40-piece **GEDORE red bit set R33003040** includes an extensive selection of bits and sockets for a variety of screw applications in the 1/4" area. The included bit screwdriver with its strong magnet is used to securely fix the bits and enables quick and easy bit replacement. If there is not enough space or the tightening has to be done more quickly, the high-quality reversible ratchet with its small return angle of 5° shows its strengths. The included bit adapter enables bits to be used in conjunction with the reversible ratchet and thus provides a smart alternative in use. The quick-change adapter also enables use with a cordless Power tools. Safely housed in the robust transport case from **GEDORE red**, everything is easily stored away and ideal for mobile use.

Bit set 1/4" R33003040

1

SMART ALTERNATIVE

- The bit adapter enables the bits to be driven with the reversible ratchet

2

COMFORTABLE WORKING

- The ergonomic handle of the screwdriver ensures fatigue-free work. The bits are prevented from falling out by the magnetic bit screwdriver and thus ensure relaxed work.

3

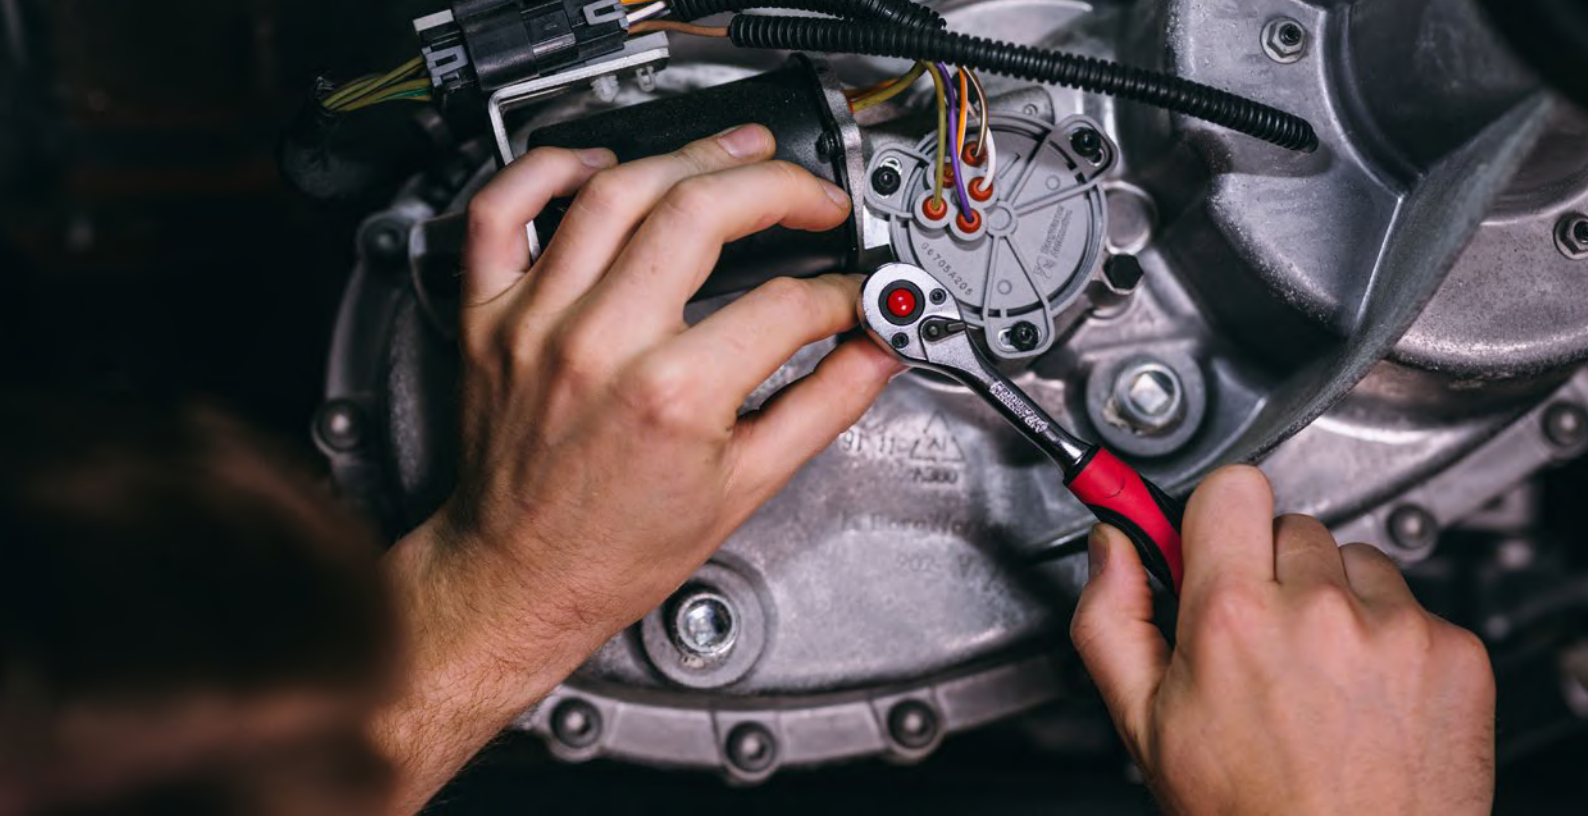

PRECISE IN USE

- The high-quality, fine-toothed lever reversible ratchet with a 5° return angle ensures precise and smooth screw tightening

**SMART
SOLUTION**

"Thanks to the well-assorted selection and the ratchet as an alternative, you are always well served on the go and in the workshop with the 40-piece bit set."

CAN'T BE BEATEN IN LENGTH

With the practical 1/4" bit set, even low-lying screw applications are no longer a problem.

The 51-piece bit set **R33003051** from **GEDORE red** is particularly suitable for hard-to-reach screw connections thanks to the long bits and its extension. In connection with the lever reversible ratchet, even deep-lying screw jobs can be loosened or tightened in no time at all. The high-quality reversible ratchet with its return swivel angle of 5° is the ideal drive, even when things get a little tight. The included bit adapter enables bits to be used in conjunction with the reversible ratchet and thus provides a smart alternative in use. Safely housed in the robust transport case from **GEDORE red**, everything is well stowed away and also ready for mobile use.

Bit set 1/4" R33003051

1

PRECISE IN USE

- The high-quality, fine-toothed lever reversible ratchet with a 5° return angle ensures precise and smooth screw tightening

2

SOLUTION FOR DEEP-SET SCREWS

- Thanks to the long bits and the extension, deep-seated screws are also easy to reach

3

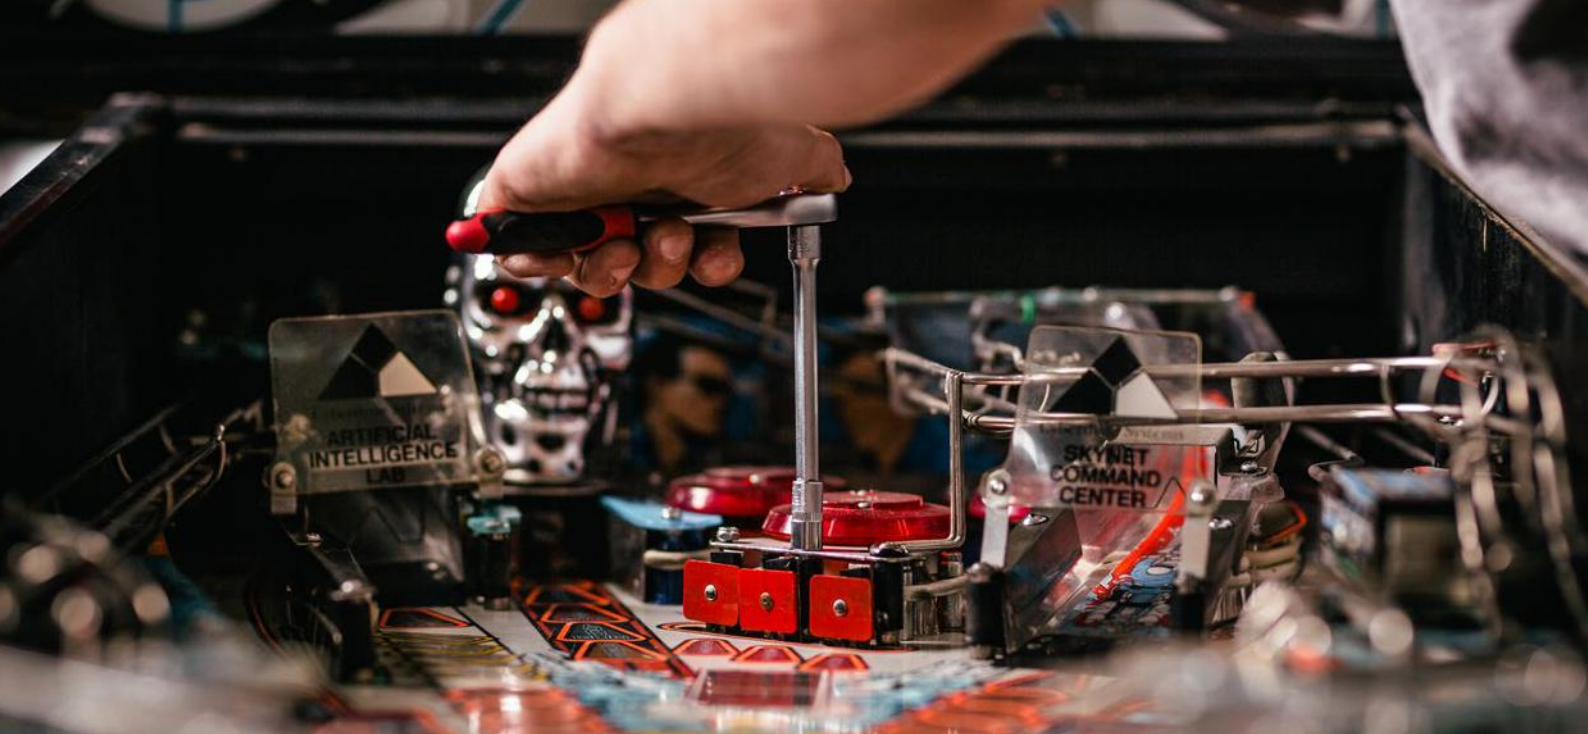

SMART ALTERNATIVE

- The bit adapter enables the bits to be driven with the reversible ratchet

IN-DEPTH PROBLEM SOLVING

"The 51-piece bit set also solves deep-seated screwdriving problems."

THE VERSATILE

With its variety of tools, the 1/4" bit set is optimally designed for work in the smallest of spaces.

The 67-piece **GEDORE red bit set R33003067** is set up for any screw connections in the 1/4" area thanks to its versatile contents. Even deep-set screws are no longer a problem thanks to the long bits. The bit screwdriver with its ergonomic handle and a strong magnet to fix the bits replaces a large number of screwdrivers. The offset screwdrivers are a practical supplement in use. The quick-change adapter also enables use with a cordless screwdriver. Safely housed in the robust transport case from **GEDORE red**, everything is well stowed away and also ready for mobile use.

Bit set 1/4" R33003067

1 FAST BIT CHANGE

- The quick-change adapter makes changing bits child's play. In addition, it is suitable for both manual and machine-operated work

2 COMFORTABLE WORKING

- The ergonomic handle of the screwdriver ensures fatigue-free work. The bits are prevented from falling out by the magnetic bit screwdriver and thus ensure relaxed work

3 SOLUTION FOR DEEP-SET SCREWS

- Thanks to the long bits and the extension, deep-seated screws are also easy to reach

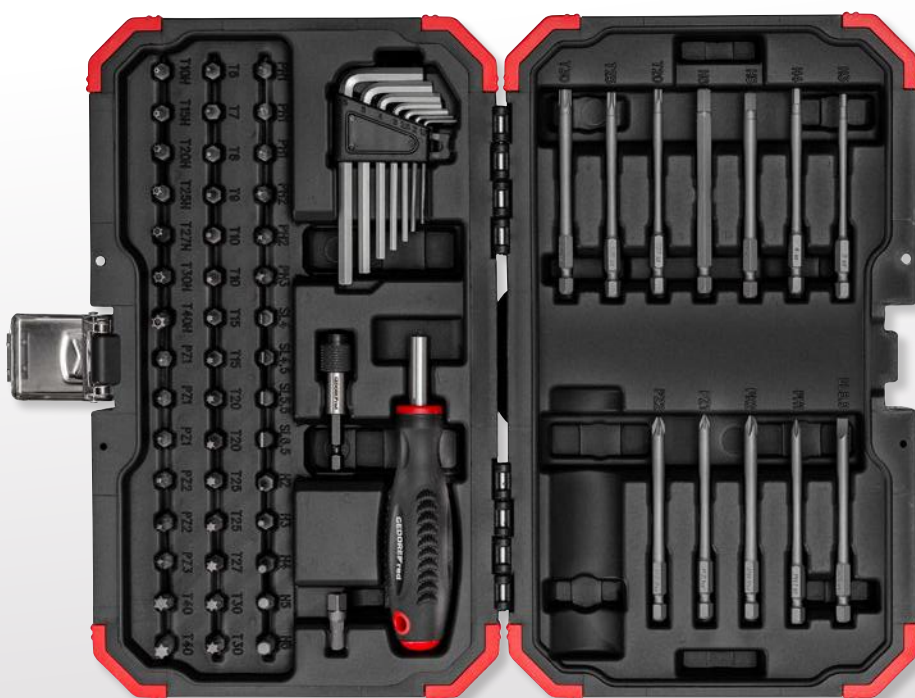

"With its variety, the 67-piece bit set is a good choice for a wide range of applications and a top alternative to the screwdriver set."

BIKE TOOL FOR ON THE GO

The "On the Road" bike set is a practical emergency set with bicycle tools for on the go. Small repairs are done in no time at all.

The **GEDORE red bike set R21702013** is the help you need when you break down on the way. So that you can continue quickly, the included bits can be used to tighten and tighten screw connections on the bike, the selection of bits and socket wrenches is a tailored solution. Working with the ratchet with bit adapter is much more pleasant and practical than with conventional Allen keys or multi-tools. Difficult-to-reach screw connections in particular are much easier to reach with the handy ratchet bit. Thanks to the ratchet mechanism, using the bit ratchet means that you can avoid repeated „application“ on the screw connections - an immense plus in terms of convenience and speed.

Three tire levers make the work of patching tyres and tubes much easier. Housed in an attachable bag for the saddle tube, the set is a practical companion on every tour.

Bike-Set „On road“ R21702013

1

PRACTICAL RATCHET BIT WITH ACCESSORIES

- The fine-toothed bit ratchet can hold bits directly or with a bit holder. With an adapter piece, it is even possible to use socket wrench inserts

2

SAFELY STOWED

- High-quality, robust bag with a plastic zipper. No rattling on the frame or the seat post on the way

3

PERFECT KIT IN THE EVENT OF A FLAT TIRE

- The three tire levers included in the set can be fixed to the rim and allow access to the leak in the tube

**IDEAL
COMPANION**

"The set includes everything I need in terms of tools for flat tires or small repairs when I'm on my bike. The ratchet bit is particularly useful."

THE MOBILE BICYCLE WORKSHOP

Whether mobile or in the workshop - with the bike set „workshop“ you are well prepared for repairs on the bike.

The **GEDORE red bike set workshop R21702025** includes, as a professional basis, telephone pliers for gripping, e.g. Bowden cables and side cutters for separating these cables. Both pliers are equipped with 2-component handles and have induction-hardened cutting edges. The extra slim cone adjustable wrench is specially designed for screw connections on pedals or the rear brakes on the bicycle. The maintenance and adjustment of systems on modern bicycles such as mountain bikes or racing bikes, but also e-bikes, requires professional tools, especially for the screw connections that are difficult to access. In addition to the bit screwdriver, the handy bit ratchet is also helpful for screw connections that are particularly difficult to access. This can be used with or

without a bit adapter – depending on the space available. The set is completed by a selection of bits in the sizes most commonly used on bikes. All tools are housed in a practical, handy and high-quality bag.

Bike-Set „workshop“ R21702025

1 HANDY

- Professional pliers with hardened cutting edges and ergonomic handles

2 FOR TIGHT WORKING ENVIRONMENTS

- Cone adjustable wrench as a solution for loosening screw connections in tight work space

3 PRACTICAL RATCHET BIT WITH ACCESSORIES

- The fine-toothed bit ratchet can hold bits directly or with a bit adapter

4 VALUABLE IN THE EVENT OF A FLAT TIRE

- The three tire levers included in the set can be fixed to the rim and allow access to the leak in the tube

FULL CONTROL ON THE BIKE

"With this set I not only have the screw connections under control. This makes me feel completely safe!"

COLOURFUL CLASSIC

The 9-piece offset screwdriver sets add colour to everyday work and help you choose the right size.

The 9-piece **GEDORE red offset screwdriver sets R36401009 and R36601009** are perfect for tightening or loosening TX and Allen screws. With the 9 most common sizes (T10 - T50 or 1.5-10mm), the most important fastening work in everyday life can be processed. The round shape flatters the hand and ensures more comfortable handling, even in continuous use. The extra long handle makes loosening and tightening easier thanks to the improved leverage. The sets are

rounded off by the colour coding, which helps to find the right size quickly in everyday life. Both sets come safely stowed away in a plastic holder with a practical belt clip. This can be opened for easier removal.

Offset screwdriver sets TX/IN TX/IN R36401009 and R36601009

1

PLEASANT HANDLING

- The round shape fits better in the hand and is more comfortable during longer screw fastening jobs

2

TIME SAVING

- The colour coding and size marking saves time when looking for the right offset screwdriver

3

COMFORTABLE WORKING

- The extra long design results in better leverage and makes loosening and tightening easier. The ball head provides flexibility when space around the fitting is tight

"Tidy classics with colour coding, which makes it easier to find the right size."

THE SPACE MIRACLE AMONG THE TOOL TROLLEYS

The workshop trolley GEDWorker offers flexible access from both sides and plenty of space.

The **GEDORE red workshop trolley GEDWorker R20152205** is a flexible companion in everyday work. Thanks to the drawer extension on both sides, the tool can be removed from both sides without having to turn it over. Thanks to the external fixed castors, stability is increased and the risk of tipping is reduced to a minimum. In addition, rollers and chassis offer a high level of driving comfort, even with a high load. The small parts compartments in the plastic lid offer another storage option. In this way, tools and materials can be stored in an orderly manner and are quick to hand. If you are still looking for the right tool, you will find a large selection of predefined tool sets for different applications in the 1/3 and 2/3 foam modules from the **GEDORE red** range.

Workshop trolley GEDWorker R20152205

1

LITTLE HELPERS

- Small parts compartments in the plastic lid enable pre-sorted storage for tools and materials. This provides a better overview during use

2

FLEXIBLE ACCESS

- The pull-out drawers on both sides ensure access from both sides at all times without having to turn the trolley

3

DURABLE

- The powder coating offers a high level of protection against corrosion and is particularly resistant to scratches

4

HIGH SECURITY

- The external fixed castors ensure that the workshop trolley cannot tip over and also offer better driving characteristics, especially when carrying a full load

"The GEDWorker particularly impresses with the flexible access from both sides. Together with the plenty of storage space and the comfortable driving characteristics, it is a practical helper for a stressful day at work."

WELL POSITIONED FROM THE GROUND UP!

The filled workshop trolley scores with its extensive 119-piece basic equipment for everyone.

The equipped **tool trolley R21562005** is ideally suited as a basic range for beginners in all professional groups. Around the core, consisting of the ratchets in 1/4" and 1/2" with accessories, is built up with screwdrivers, pliers, wrenches, etc., the scope of which leaves nothing to be desired. Thanks to the two-sided pull-out drawer, the tools can be removed from both sides of the workshop trolley without having to turn it over. The external fixed castors increase stability and reduce the risk of tipping to a minimum. In addition, rollers and chassis offer a high level of driving comfort, even with a high load. The small parts compartments in the plastic lid offer another storage option. In this way, tools and materials can be stored in an orderly manner and are quick to hand.

Tool trolley with 119-piece assortment R21562005

1

THE ORGANIZED COMPANION

Manoeuvrable and safe workshop trolley with lots of storage space and load capacity.

The **workshop trolley GEDMaster R20202207** from **GEDORE red** is a strong and safe helper at the workplace. With a total load capacity of 400 kg and 7 drawers, the tool trolley offers enough capacity for everyday tools. Thanks to the ball-bearing guide rails, the drawers offer a comfortable extension and each have a load capacity of 40 kg. In addition to the central locking, each drawer is equipped with an individual lock to prevent accidental opening while driving. The additional full extension allows access to the entire contents of the drawer at any time. The workshop trolley is rounded off by the proven GEDORE trapezoidal axle construction. This means that the workshop trolley remains easy to maneuver even under maximum load and maintains its good driving characteristics. The Euro perforation on the side walls offers additional attachment options for accessories and tools. The small parts compartments in the plastic lid enable neat storage on the work surface.

Workshop trolley GEDMaster R20202207

1

LITTLE HELPERS

- Small parts compartments in the plastic lid enable pre-sorted storage for tools and materials. This provides a better overview during use

2

HIGH LOAD CAPACITY

- Ball-bearing guide rails and a solid construction enable a high load capacity of 40 kg per drawer and a comfortable extension

3

SAFE CARGO

- The drawers are secured against unintentional opening while driving due to the individual locking

4

AGILE AND SMOOTH-RUNNING

- The GEDORE trapezoidal axle construction ensures excellent driving characteristics even under maximum loads. This makes the trolley easy and manoeuvrable to manoeuvre

"The manoeuvrable trolley is a great help in the workplace thanks to its storage space and carrying capacity. Not only does a lot of tool equipment go in here, the trolley is also incredibly variable."

THE KEY TO SUCCESS

Don't have the right wrench at hand or do you prefer pliers? The pliers wrench from GEDORE red combines various wrenches and pliers in one tool - an all-rounder for professionals and hobby users.

The GEDORE red pliers wrench R28184010 is a hybrid of wrench and pliers which makes it versatile in use. Whether screwing, bending, holding, pressing and gripping, everything is possible. Thanks to its intelligent design, it replaces two complete sets of wrenches (metric and imperial, 0-50 mm or 0-1.7/8"), as well as various pliers with a span of 0-50 mm. It can be conveniently and practically moved thanks to the sliding mechanism infinitely variable to different wrench sizes and is

also suitable as an alternative to the ratchet wrench. The smooth and parallel jaws serve to protect the surface, e.g. with chrome-plated or plastic workpieces. Its optimized pressing and clamping force with a tenfold conversion enables maximized power transmission while sparing your own effort.

Pliers wrench 10" R28184010

1

HIGH QUALITY

- Smooth and parallel jaws protect surface-sensitive screw connections or fittings

2

HIGH POWER TRANSFER

- The high pressing and clamping force with tenfold conversion guarantees a firm hold of the workpieces

3

PRODUCTIVE AND EFFICIENT WORK

- The adjustment to the workpiece is simple and at the push of a button on the quick setting

4

DIVERSE APPLICATIONS

- The pliers wrench is suitable for screwing, bending, holding, pressing and gripping thanks to its mechanics and gripping jaws

"The pliers wrench is an all-rounder for every application and should not be missing in any tool box. The versatile use and the increased power transmission make it the perfect everyday companion."

FLEXIBLE IN USE

Whether stripping or cutting conductors, the automatic stripping pliers StrippMax – Auto deliver an optimal cutting result and are easy to hold.

The **GEDORE red wire stripper R28201165** can be used to strip all common flexible and solid conductors from 0.2-6.0 mm². Due to its low weight and the smooth-running mechanism, it ensures fatigue-free and comfortable work. The automatic scanning system adjusts itself to the cable diameter, eliminating damage to the inner conductors. In addition, the stripping pliers have an adjustable length stop of 5-12 mm with an optical length gauge on the side and easily accessible side cutters up to 2 mm Ø. The diagonal cutters allow the conductor to be cut directly without having to change tools. In order to obtain a clean cutting result in the long term, the blades can be replaced.

Wire stripper R28201165

1

PRACTICAL HELP

- With the integrated diagonal cutters, conductors up to 2 mm Ø can be cut directly without changing the tool

2

PRECISE CUTTING POWER

- By changing the blade you get a clean cutting result in the long term

3

INTUITIVE OPERATION

- The setting of the length stop is displayed directly on the optical scale and can be adjusted quickly (5-12mm)

4

PLEASANT HANDLING

- The ergonomic handle geometry and the low weight make it comfortable in the hand and ensure fatigue-free work

"Stripping and cutting conductors is easy with the StrippMax-Auto"

LITTLE MIRACLE OF LIGHT

The light and handy penlight R95300139 is always at hand and brings light into dark corners.

The **GEDORE red pen lamp R39500139** is ideal for a wide variety of areas such as workshops, cars, basements, garages or similar. Thanks to its compact size and low weight, it is ideal as a mobile companion. The aluminum housing is well insulated and, with its IP 54 protection class, protects the inner part from the ingress of small dust particles and splash water, so the pen lamp can also be used outdoors without any problems. The lamp lasts up to 4 hours with rechargeable batteries. It can be easily secured to the wrist with the supplied hand strap, while the structured surface provides a very good grip and is therefore secure in the hand even with oily and sweaty hands. With the clip at the end, it can be easily attached to a belt, shirt or trouser pocket and is therefore always ready to hand.

Pen lamp R39500139

1

SUITABLE FOR OUTDOOR USE

- With IP 54 class protection, the pen lamp is protected against small dust particles and splash water and is therefore also suitable for outdoor use

2

MOBILE COMPANION

- Thanks to its compact size and minimal weight, the penlight is ideal for mobile use. With the clip, it can be easily attached to a belt, shirt or trouser pocket and is therefore always easy to hand

3

SECURE HOLD

- The structured aluminum housing and the hand strap ensure a secure grip and hold

**STRONG
LUMINOSITY**

"Whether in a dark basement or in a crooked corner - the 130 lumens of the small pen lamp bring a lot of light into the dark."

THE CONSTRUCTION SITE LIGHT

The handy LED spotlight provides light on the construction site even without a power supply and leaves no corner dark.

The **GEDORE red** rechargeable battery **spotlight R95400145** is an extremely compact work spotlight with a rubberized border and IP 64 protection class (shockproof and splash-proof) with a fold-out bracket for setting up or fastening. With its 1400 lm, it brings plenty of light to the construction site. A joint that can be rotated by 180° simplifies the alignment of the spotlight and can thus be optimally adapted to the needs. With its Li-Ion battery, the compact LED spotlight has a burn time of 6 hours and can also be used as a power bank. It is charged via the supplied micro-USB cable.

Spotlight R95400145

1

TOUGH

- Thanks to the rubberized border and water protection, it is optimally protected against dirt

2

MOBILE APPLICATION

- The integrated Li-Ion battery enables a light duration of 6 hours without a power supply

3

HANDY

- Compact portable spotlight that is easy to store away

4

FLEXIBLE ORIENTATION

- A 180° rotatable joint allows the spotlight to be easily aligned

FLEXIBLE LIGHT

"The compact and robust design of the LED spotlight makes it the perfect light source on dark and dirty construction sites. Thanks to the built-in rechargeable battery and the power bank function, you are very mobile and can quickly charge your cell phone if necessary."

R9540 0145
SPOTLIGHT

- > Compact, portable spotlight
- > Ideal for working in places without power supply
- > Shockproof and splash-proof rubberized border
- > 180° rotatable stand
- > The base is also suitable for hanging or as a carrying handle
- > Easy direction of the light
- > Power bank function for charging external devices

ALWAYS PROPERLY LIT

The inspection lamp has various folding and positioning options which make it a real all-rounder.

The **GEDORE red inspection lamp R95600320** is ideal for work that requires both hands. Thanks to the built-in magnet at the end of the handle and the 180° rotatable hook, it can be attached in different positions, which enables hands-free working. With the 5 brightness levels, the main light with its max. 500lm can be adapted to different lighting conditions. The integrated Li-Ion battery ensures a light duration of up to 12 hours and can be easily recharged via the micro USB. With an additional light in front of the head, the inspection lamp can be quickly turned into a practical flashlight by folding it in. So you are also well equipped on the go.

Inspection lamp R95600320

1

ALWAYS CORRECTLY POSITIONED

- A magnet at the end of the handle and a hook that can be rotated 180° allow for different positioning options

2

OPTIMUM ILLUMINATION

- With the 5 brightness levels of the main light, the illumination can be optimally adjusted to the lighting conditions

3

UNIVERSAL USE

- Whether as an inspection lamp or flashlight - thanks to the 2nd lamp in front of the head, the variable alignment of the lamp and the folding function, you always have the right lamp to hand

CUSTOMIZABLE ILLUMINATION

"Thanks to the many options for positioning and fixing the lamp, you have your hands free even in the darkest places."

R9560 0320
INSPECTION LAMP

- > Ideal as a work lamp for mobile use in various areas
- > 5 switching functions for adjustable brightness
- > Can be used both as an inspection lamp and as a flashlight
- > Magnet and 180° rotatable hook provide different holding options
- > Enables flexible and mobile use, as well as hands-free work
- > LED can be used both folded in and out

SMALL AND FLEXIBLE

Whether attached or in the hand, the compact work lamp offers a wide range of possible uses and delivers an impressive luminosity of 300 lm.

Wherever you are, you will always find the right angle with the mounting options for the **mini work lamp R95700089** from **GEDORE red**. Attachment via magnet or clip leaves your hands free for other work. The compact work lamp has 3 setting levels: 100 lm, 300 lm and even 500 lm for a short time. The integrated Li-Ion battery provides a light duration of up to 3 hours and can be easily recharged via the micro USB. Thanks to its compact design, it takes up little space and also fits in your trouser pocket.

Mini work lamp R95700089

1

FLEXIBLE AND ADJUSTABLE

- Thanks to the clip and magnet for metal surfaces such as cars, trucks and machines, you have enough mounting options with this robust inspection light

2

POWERFUL AND COMPACT

- In everyday work, 300 lm luminosity and the very compact shape are convincing

3

MOBILE COMPANION

- Due to its compact design, it requires little space and is also ideal for use in confined spaces

**UNIVERSAL
LIGHT SOURCE**

"The mini work lamp is the ideal companion. The high luminosity and its compact and robust design clearly show their strengths here."
